MISSION STATEMENT

- To be actively involved in the promotion and growth of the marine industry by initiating and supporting related studies and issues.
- To inform all members of current issues in a timely manner and to help them respond in an educated and united way.
- To provide a forum where AMI members can discuss specific questions, common problems and receive assistance in developing win/win solutions.
- To promote an atmosphere of camaraderie that will enable us to bring together our competitive skills on any problems facing our industry.
- To communicate with other organizations and industries with similar concerns to develop broad solutions for shared successes.
- To keep our members aware of the environmental laws affecting their businesses thereby ensuring a financially healthy marine industry.
- To utilize all means available to increase the public's knowledge of the significance, performance and purpose of the marine industry.
- To address other such mandates, consistent with the AMI's by-laws, which will further the effectiveness, accomplishments and success of the marine industry
